

# Home & School is undergoing some changes

*The good news is that we have positions available for 2012!  
With potentially only 4 current members able to stay on  
next year, we'd love to see some new faces.*

- No previous committee experience necessary (just some energy and the will to help build a creative and stimulating environment for our children)
- Give as little or as much time as you are comfortable with – no pressure (we promise!)
- No obligation to do more than one year
- Be involved in helping to achieve some fantastic projects for our school, a few past examples being: Playground Development, ICT Suite, Swimming Pool Upgrade
- Only once a month meetings – always finished in good time!
- Fantastic support from Principal, Staff and Board of Trustees
- Great to add to your CV!

*So if you've been contemplating joining us, or would like to find out what it means to be a 'friend of the committee', please come to our AGM next year*

**Put the date in your diary now!**

**Monday 20th Feb 2012  
7pm**
